Design and Construction Period - 12 months

Target Completion Date - October 2010 (all sites)

M4 Motorway Service Areas

Career Opportunities

Applegreen plans to create over 250 new full and part time career opportunities when the three new motorway service areas open in autumn 2010. The majority of opportunities will be created in the food service area, however positions will also be available in retail, cleaning and maintenance.

Applegreen recently commenced the recruitment process to select the best management team to operate the Burger King restaurants at each service area. Towards the end of May the search will begin for the Costa Coffee, and the Applegreen acafé management teams.

Recruitment for staff to operate the retail shop, cleaning, grounds maintenance and crew members for the food service areas will occur during the summer. Recruitment drive timings are dictated by the necessary training programs required for each brand and role.

If you, or anyone you know is interested in any one of these positions please visit our websites <http://www.applegreen.ie> or <http://www.superstop.ie> where application forms are available on line. Alternatively, please send your CV to motorwayjobs@applegreen.ie. For up to the minute information follow Applegreen on Twitter at [@goapplegreen](https://twitter.com/goapplegreen) <http://twitter.com/goapplegreen>.

Health and Safety

Pierse Contracting is publicly committed to putting health and safety first on all of its projects and minimising its impact on the environment. The company is dedicated to developing and maintaining a culture of safety, and environmental awareness responsibility within its organisation.

Pierse Contracting has an Integrated Management System that is NSAI accredited to OHSAS 18001 for Health and Safety, ISO 9001 for Quality and ISO 14001 for Environmental Issues. The systems allow for the orderly and safe progress of work activities within the site boundary and at boundary interfaces.

The SuperStop Team

The SuperStop Consortium comprises of Pierse Contracting, Applegreen and Top Oil. Together these three Irish owned companies have expertise and experience in both the construction industry and in the ownership and management of service stations and HGV fuelling locations.
